On Pointe is a family friendly & professional dance studio that provides a positive atmosphere where students as young as 2 years old, through advanced levels, can grow and strive to be the dancer of their dreams, at their pace. We offer recreational classes in addition to competitive and community based teams along with annual spring & winter recitals. We believe in teaching proper dance technique while having fun and working hard, treating everyone with respect, giving back to the community and helping one another. I look forward to dancing with you and your family for years to come!
